## A Costly Mistake.

Blunders are sometimes very expensive. Occasionally life itself is the price of a mistake, but you'll never be wrong if you take Dr. King's New Life Pills for Dyspepsia, Dizziness, Headache, Liver or Bowel troubles. They are gentle yet thorough. 25c. at Moore & Ballew's Drug Store.

## NEW DEATH AT LAREDO

Young Man There Succumbed to  
Fever—Fourteen Cases.

Laredo, Tex., Sept. 29.—At the headquarters of Dr. Tabor there are fourteen cases pronounced positively to be yellow fever. These cases are confined to certain districts in the city. Only three deaths have been reported since the disease was first pronounced yellow fever last Friday. Many of the cases have appeared in the best families of the city, where there was no apparent local cause.

A young man died of the fever in Nuevo Laredo this evening at a hotel. The authorities on that side are using energetic measures to stamp out the disease, but do not put any credence in the mosquito theory, which may affect the hard word being done in this city to stamp out the pest.

The quarantine authorities today established a detention camp at Cactus, on the International & Great Northern road, where citizens of Laredo will be permitted to stay ten days and then go to any place in Texas.

If the weather will remain dry a few days longer, it is believed there will not be a mosquito in Laredo. The quarantine authorities are working night and day to place every portion of the city in a thoroughly sanitary condition. A large force is employed to screen completely every house wherever a suspicious case appears, so that it will be next to impossible for a mosquito to get into or out of the infected place.

## YOM KIPPUR 5664

Observance of Day of Atonement  
and Significance of the Occa-  
sion in Jewish Circles.

The command regarding Yom Kippur, or the Day of Atonement, is found in the Bible. From the Mosaic legislation till today the fast has been observed wherever Israel resides, isolated individuals, no less than communities, holding it in the profoundest reverence. From the evening of the 9th till the evening of the 10th day of Tishri—twenty-four hours—all usual avocations cease, and the continuous service in the synagogue from morning till the shades of eve, draws numberless worshippers. The day is set apart for things spiritual, and is solemnly consecrated to man's better self. The ritual tends to rouse the individual to recognize the responsibility of his actions, and thus to pass in review his numerous faults and failings. In his solemn surroundings the onus of his doings is made clear to him and should result in causing him to resolve to mend his ways, thus bringing him nearer to God.

To atone for past sins can not lessen the consequence of iniquity, but as contrition is the first step to amendment, atonement brings improvement and betterment in its wake. Such a day in the year must be productive of much good in the life of man, and it would not be out of place in the calendar of other religious sects.

## The Reason Why.

In these shortening days some subscribers are complaining at getting their paper late. There are two natural causes for the delay, and all possible is being done to satisfy all. One cause for the lateness of delivery is the shortening of the days, making night come before our carriers can reach all, notwithstanding press hour has been set up one hour earlier than it was in midsummer. Some of the carriers have as many as two hundred papers to deliver.

Another natural cause is the almost phenomenal growth of the Herald circulation.

Last month another carrier was added to the list, and a rearrangement of the routes we thought would expedite the delivery. Now another boy is being drilled into the work, and in a few days we hope to give better service.

The circulation of a daily paper is one of the most perplexing parts of the business.

The reader must take into consideration that the days are much shorter, our circulation much larger, and that everyone on the list cannot be served first. No other Palestine newspaper has ever reached the Herald's present circulation—and still we grow.

## WILL SPEND THEIR MILLIONS

Foreign Nations Will Invest  
Heavily at the World's Fair.

St. Louis, Mo., Sept. 29.—Doubt no longer exists as to the success of the approaching world's fair so far as the foreign representation is concerned. Although in the introductory negotiations such important governments as Russia and Austria in Europe and Japan and China in Asia declined to participate and the outlook was discouraging for other prominent nations, thirty-five of the forty odd independent nations of the world now have formally accepted the invitation to take part, and many of them have their arrangements in an advanced stage. Besides these thirty-five countries not less than a dozen of the great colonies of European nations are preparing comprehensive exhibits entirely apart from those of the home government. Moreover, Russia, China and the other countries that at first declined to take part have reconsidered their action and will be represented on an elaborate scale. The appropriations already made or officially assured by foreign governments for buildings and exhibits shows a grand total of nearly \$7,000,000. This exceeds by \$1,000,000 the amount correspondingly appropriated for the Chicago world's fair in 1893, and represents an average of nearly \$140,000 for each country. Europe will expend approximately \$3,000,000; Asia, \$2,000,000; Central and South America, \$1,000,000, and Africa, \$2,000,000.

## WAS CONVICTED

But the Punishment Was Made  
a Light One.

Tyler, Texas, September 28.—The jury in the case of the State vs. Van Grant, charged with assault to murder Dr. B. F. Chambers, returned at or near the Cotton Belt depot here in July, found the defendant guilty of an aggravated assault and battery and assessed his punishment at a fine of \$200. Grant was one of the three young men charged with the offense and the State dismissed as to the other two.

Dr. Chambers had gone to the depot to take the midnight train for Mexico, and while sitting in front of a restaurant was struck on the head with a lunch counter stool. He was insensible for more than twenty-four hours, and at one time his life was despaired of. The fine and costs assessed against Grant will reach \$300 or more.

The assault on Dr. Chambers is one of many that have been made on strangers in that locality, and three or four of the assaults have proved fatal. This is the first conviction growing out of any of them.

## INVESTIGATION IS PROBABLE

Beaumont, Texas, Sept. 29.—The death of Walter Mapes, a mail carrier yesterday is causing much street talk and an investigation is probable.

The young man had typhoid fever and it is rumored that he was attended by Christian scientist, no medical attention being given him.

## President Condemned.

Kansas City, Mo., Sept. 29.—By unanimous vote the iron workers' convention adopted a resolution today denouncing Roosevelt for his action in the case of Foreman Miller of the government printing office bindery. Also censured Governor Peabody of Colorado and the governor of Idaho.

## Revolution Imminent.

A sure sign of approaching revolt and serious trouble in your system is nervousness, sleeplessness, or stomach upsets. Electric Bitters will quickly dismember the troublesome causes. It never fails to tone the Stomach, regulate the Kidneys and Bowels, stimulate the Liver, and clarify the blood. Run down systems benefit particularly and all the usual attending aches vanish under its searching and thorough effectiveness. Electric Bitters is only 50c., and that is returned if it don't give perfect satisfaction. Guaranteed by Moore & Ballew, Druggist.
